EIC Detector R&D Progress Report

Project ID: eRD<#>__

Project Name: _____

Period Reported: from _____ to _____

Project Leader: _____

Contact Person: _____

Project members

List **all** project members and their institution here ...

Abstract

Text

Past

What was planned for this period?

What was achieved?

What was not achieved, why not, and what will be done to correct?

How did the COVID-19 pandemic and related closing of labs and facilities affect progress of your project?

How much of your FY20 funding could not be spent due to pandemic related closing of facilities?

Do you have running costs that are needed even if R&D efforts have paused?

Future

What is planned for the next funding cycle and beyond? How, if at all, is this planning different from the original plan?

What are critical issues?

Additional information:

Manpower

Include a list of the existing manpower and what approximate fraction each has spent on the project. If students and/or postdocs were funded through the R&D, please state where they were located, what fraction of their time they spend on EIC R&D, and who supervised their work.

External Funding

Describe what external funding was obtained, if any. The report must clarify what has been accomplished with the EIC R&D funds and what came as a contribution from potential collaborators.

Publications

Please provide a list of publications coming out of the R&D effort.
