Dear colleagues

We will have the first of a series of working group status reviews on December 14th at 09:00CST (NOTE THIS IS CENTRAL TIME)

Ken Lande has agreed to chair the review. The members of the committee will be: the review chair, the DOE WCD project leader, the NSF PI, the chief engineer, DUSEL point of contact or DUSEL representative, and the safety officer. The spokespeople and the LBNE project manager are invited ex-officio.

Interested members of the collaboration are invited to attend the open session. Farshid is planning to host the review using the web based conferencing system called WEBEX. He will distribute the connecting information prior to the meeting.

I have included the charge to the review committee and the agenda below.

Jim
